

Building Solutions for Sustainable Change

Chapman Consulting is a health policy and strategic consulting firm specializing in complex health and social services programs. We partner with government agencies, health care organizations, and community partners to design, implement, and evaluate initiatives across health and social policy, public programs such as Medicare and Medicaid, and health care system transformation.

The Chapman Consulting Difference

Comprehensive Health Policy Expertise

Specialized expertise across Medicare, Medicaid, managed care, aging and LTSS, behavioral health, public health, financing, social policy, and health care delivery, with a practical understanding of how federal policy translates across states, plans, providers, and communities.

Policy through Implementation

Combines policy advisory with hands-on implementation support, helping clients move from policy decisions to programs, operations, and execution.

Technical Expertise for Stakeholder Alignment

Substantive policy experts who can also convene stakeholders, translate complex issues, and build consensus around high-stakes policy and program changes.

Senior Experts Directly Engaged

Senior practitioners with experience across CMS, state health agencies, health plans, associations, consulting firms, and community-based organizations stay directly involved throughout delivery.
